### What is this type of insurance?

This insurance provides cover in the event of a total loss for the difference in the settlement you receive from your motor insurance and the amount you paid for your vehicle or the amount outstanding on your finance agreement or the value of a replacement vehicle.

### What is insured?

- ✓ In the event of the total loss of the insured vehicle after the start date and before the end date we will pay up to the maximum benefit an amount equal to the greater of:
  - the difference between your motor insurance settlement and the invoice price of the insured vehicle; or
  - the amount you require to pay your early settlement amount; or
  - the value of a replacement vehicle.

This payment will be inclusive of the excess deducted by your motor insurer up to a limit of £250.

- ✓ If we provide the value of a replacement vehicle, we will provide the cost of a replacement vehicle of the same make, model and derivative as the insured vehicle at the date of purchase (including all factory fitted accessories, delivery for a new vehicle and up to a maximum of £1,500 for dealer fitted accessories) after any discount given including any government grants, finance deposit allowances and/or dealer contributions.
- ✓ If you sell the insured vehicle or if your motor insurer provides you with a replacement vehicle, you may change the insured vehicle under the policy provided that any replacement insured vehicle does not exceed the current price banding of the original insured vehicle subject to the terms, conditions and eligibility criteria of the policy (the first transfer is free of charge, subsequent transfers are subject to a transfer fee as stated in the schedule).
